Wild Bird Feeding Products Made in the USA

Since 1979 Aspects has proudly manufactured in the USA to ensure continued quality, as well as, loyalty to those customers, employees and vendors who have contributed to our success. We appreciate the loyalty our customers have shown to us over the years and we in turn strive to continue to offer quality, innovative products that are backed with a Lifetime Guarantee. We further support independent retailers by never selling our products in the deep discount outlets.

At Aspects our Lifetime Guarantee is simple and absolute. We stand behind our products. We use the best materials available to ensure our customers, and the birds they feed, years of enjoyment. If at any time, your feeder fails due to defects in material or workmanship, we will repair or replace it, at our option. Just call, email, aspects@aspectsinc.com or write to us and we'll make it right.

QUICK-CLEAN BIG TUBE FEEDERS

Big Tube feeders accommodate all birds including small finches. The new perch design makes it even better for cardinals, jays, grosbeaks and woodpeckers. Handles all seeds without waste (except Nyjer). High capacity (3.5 quarts) means much less time refilling. Easy to fill 4 inch diameter tube means fewer spills. 18 in. diameter dome (sold separately) offers maximum protection. 12 in. tray (sold separately) offers more access for large birds and less waste. Available in Spruce and Antique Brass.

QUICK CLEAN TUBULAR FEEDERS

These Seed and Nyjer tubular feeders feature a revolutionary removable base. To remove the base all you need to do is push the buttons and the base slides easily out! When a seed tray is attached to a feeder, simply remove the base for cleaning with the tray still attached. It is one easy step that makes cleaning your feeders a snap!

Aspects' Quick-Clean Seed Tube Feeders combine heavy die-cast metal caps, ports, bases and a clear UV stabilized polycarbonate tube to make these feeders an investment that lasts a lifetime. A built-in seed deflector in the base allows birds to remove every last seed.

Redesigned feed ports on the seed tube model have a raised ridge to divert rainwater and perches are part of the seed port. Add a seed tray to attract more birds, and protect the feeder from the elements with an Aspects' dome. Available in three distinct finishes: Antique Brass, Brushed Nickel and Spruce.

PEANUT SILO'S

Aspects' Peanut Silo is a "selective feeder" - acrobatic birds such as woodpeckers, chickadees, titmice, nuthatches, and finches can cling to the perch-less stainless steel wire mesh tube. When filled with shelled peanuts, mixed nuts, or sunflower kernels, the Aspects Peanut Silo is irresistible to the most entertaining group of birds. Available in small and medium size with a brushed nickel finish.

Aspect's Feeder Accessories

All Aspects' Domes and Seed Trays are guaranteed for life. Each is molded from UV stabilized polycarbonate, the strongest and most durable plastic available. All hardware is solid brass or stainless steel.

#264 – 12" Weather Dome – clear

The Weather-Dome is a 12" diameter dome that protects any small or medium-sized feeder from rain and snow.

#182 – 18" Super Dome Squirrel Baffle

This 18" diameter dome can be used with any hanging feeder for added protection from rain, snow, and squirrels

#050 – 8 1/2" Round Seed Tray – clear

This 8-1/2" x 1" deep tray fits all Aspects' 2-3/4" diameter feeders. Attaches to feeder simply and quickly

#423 – 12" Bigfoot Seed Tray – clear

This 12" x 1" deep tray attaches to all Aspects 2-3/4" and 4" diameter feeders

#384 – Nectar Guard Tips – 12 per pack

Nectar Guard tips easily slide onto the feeding ports on the underside of the feeder cover. The flexible membrane in the center of each tip easily opens when hummingbirds insert their beaks to feed and close up tight when beaks are removed. Nectar Guard tips create a barrier flying insects can't penetrate. For use with Humm-Zinger Ultra and Fancy Feeders.
