Precious Cat Classic

Precious Cat Classic is for cat owners who want a hard clumping, low tracking litter. It features a larger, denser particle that stays in the litter box better than fine grain litters. It clumps very hard and will not break apart in the litter box. Clumps that break down leave small pieces in the litter box. The small pieces left behind are odor.

Precious Cat Ultra

Precious Cat Ultra a unique formulation that combines the heavy non tracking granules of the Classic with medium grain clay. The result is an excellent clumping litter that prevents moisture from reaching the bottom of the tray, while providing a clump that will not break down. Ultra is perfect for multi-cat families and those cat owners with sifting or mechanical litter boxes. Like Classic, it has superior odor control.
