

ANTLERZ

Deer Antlerz are 100% natural, mineral rich, long lasting dog chew. The new chew is made from a natural material that is rich in minerals, does not splinter and comes from a completely renewable source: Deer Antlers! Wild deer shed their antlers once a year as part of a natural process, after which the deer re-grow another set.

'THE PACKAGE'

Dogs just love them! Super premium, no odor, oven dried, three treat pack.

- QT03513 "The Package"
Contains 1 bully stick & 2 scrotums

For generations the people of the Himalayan highlands have been making this hard cheese. This rock hard Churpi is made from milk, salt and lime juice. No chemicals or preservatives are used in the making of this unique long lasting human grade chew. Dogs are attracted to the slight scent of cheese that ChurpiChews naturally emanate. ChurpiChews soften slightly as dogs work them make for a long lasting, low fat cheesy experience that they love.

- QT03515 ChurpiChew small – 2 pack
- QT03516 ChurpiChew Medium
- QT03517 ChurpiChew Jumbo
